

## **NETWORK ADMINISTRATOR**

The Brick Township Municipal Utilities Authority (BTMUA), a progressive and large public utility, has an immediate opening for a Network Administrator who can manage and plan the future growth of our computer network. Reporting to the Supervisor of IT, this individual will design, support, maintain, and evaluate networking systems; install, configure, and maintain physical and virtual computer servers; manage VMware and MS Active Directory, MS Exchange; verify system backups; monitor, report, and act on security and network threats.

Qualified candidates should possess an Associate's Degree in Information Technology or equivalent, a minimum of five (5) years proven experience managing a complex network, or an equivalent combination of education and experience. Experience working with MS Windows Servers running in a virtual environment. Knowledge of VMWare, Cisco, Microsoft Windows networking, Active Directory, Exchange Server, and Office 365. One or more active certifications preferred from Cisco, Microsoft, VMWare, or CompTIA. Must possess effective problem-solving skills, interface effectively with staff, and complete complex projects with minimal supervision.

Interested candidates should mail or email resume and cover letter with salary requirements to Janice Zelnock, Supervisor of I.T., BTMUA, 1551 Highway 88 West, Brick, NJ 08724. Email: [zelnock@brickmua.com](mailto:zelnock@brickmua.com). BTMUA is an equal opportunity employer.
