Brick Township Municipal Utilities Authority
Ocean County, New Jersey
Water Main Distribution System Replacement Project
State Project No. 1506001-013

In accordance with procedures established to evaluate projects that have applied for assistance under the New Jersey Water Bank (NJWB), a Level 1 environmental review has been conducted on the proposed project which includes the replacement of approximately 4,200 linear feet of existing water mains at a series of stream crossing locations within the project area. The construction consists of replacement of two 16-inch diameter and five 12-inch diameter water main segments for a total of seven stream crossing locations. Additionally, a 1,030 linear feet section of pipe will be re-lined at Lightning Jacks and Brennan's Marinas. No new water service connections are proposed for this project. The project will ensure the protection of water quality and will be protective of public health.

The New Jersey Department of Environmental Protection has made a preliminary decision to assist this project under the NJWB.

Upon written request, the planning document and the Department's Environmental Decision Document will be available for public review at the Brick Township Municipal Utilities Authority located at 1551 NJ-88, Brick, NJ 08724.
