

Construction of upgrades and improvements to nine (9) of the Brick Township Municipal Utilities Authority (BTMUA) Wastewater Pumping Stations including Burnt Tavern Manor Pump Station, Greenbriar II Pump Station, Laurel Brook Pump Station, Riviera Drive Pump Station, Sloping Hill Pump Station, Cape Breton Pump Station, Lanes Mill Pump Station, Pine Meadows Pump Station, Sea View Village Pump Station, all located in Brick Township, Ocean County, New Jersey, capital cost \$4,931,336.00, were financed by the New Jersey Water Bank (NJWB). The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (Infrastructure Bank) and uses a combination of funds provided by the United States Environmental Protection Agency (USEPA), the DEP, and the Infrastructure Bank to provide very low interest loans to borrowers for environmental infrastructure projects.

This project will provide water quality benefits by increasing operating efficiency, replacement of antiquated equipment and standardizing equipment at the nine (9) pump stations for residents and businesses in the Brick Township Municipal Utilities Authority Service Area.

State Revolving Fund programs around the nation provide states and communities the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
