REPORT OF AUDIT OF FINANCIAL STATEMENTS
AND
REQUIRED SUPPLEMENTARY INFORMATION

INDEPENDENT AUDITOR'S REPORT

The Board of Commissioners
Brick Township Municipal Utilities Authority
Brick, New Jersey

We have audited the accompanying financial statements of the Brick Township Municipal Utilities Authority ("Authority") of the Township of Brick, State of New Jersey, as of and for the year ended March 31, 2021 and 2020, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Brick Township Municipal Utilities Authority of the Township of Brick, State of New Jersey, as of March 31, 2021 and 2020, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Authority and do not purport to, and do not present fairly the financial position of the Township of Brick, State of New Jersey, as of March 31, 2021 and 2020, the changes in its financial position, or, where applicable, its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension liability and contribution information, and OPEB liability information on pages 5-10, 44-46, 48, 49 and 50, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other supplementary information, also listed as supplementary information in the table of contents is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2021, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Commissioners
Brick Township Municipal Utilities Authority
Brick, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Brick Township Municipal Utilities Authority ("Authority"), as of and for the year ended March 31, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated September 29, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Brick Township Municipal Utilities Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Brick Township Municipal Utilities Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Brick Township Municipal Utilities Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT DISCUSSION AND ANALYSIS

**BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
BRICK, NEW JERSEY**

FISCAL YEAR APRIL 1, 2020 THROUGH MARCH 31, 2021

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section presents management's narrative discussion and analysis of the financial activities of the Authority for the audit year ending March 31, 2021.

The Authority continues the trend of overall positive performance relative to budget. The term "Budget" in this discussion refers to the 2020/2021 budget which was approved by the Division of Local Government Services in March of 2020.

The Cash Management Plan adopted annually by the Board of Commissioners, the preparation of a detailed annual operating budget, and a five-year analysis of operations, capital, and rate projections contribute to the financial strength and direction of the Authority.

Authority Overview

The Authority provides sewerage collection and water treatment and distribution services for Brick Township. Additionally, the Authority sells bulk water to Point Pleasant Beach, Point Pleasant Borough and Lakewood.

The Authority's water distribution system consists of over 403 miles of water mains as well as water storage tanks and booster pumping stations that are located throughout the distribution system. The Authority treats the water supply at the William Miller Treatment Plant. The total treatment capacity of the plant is 16 million gallons per day.

The Authority's sanitary sewer system consists of over 338 miles of sewer mains, approximately 7,832 manholes, and 26 sewerage pumping stations that service the mainland and barrier island sections of Brick Township. The Authority conveys all wastewater to the Ocean County Utilities Authority (OCUA), a regional sewerage authority that provides treatment and disposal. The Authority is a sewer collection system only.

The user fee charged to customers is the primary source of revenue for the Authority, in addition to connection fees and bulk sales. The customer base consists primarily of approximately 31,000 residential single-family water customers.

Financial Review and Highlights

This section presents an overview of the Authority's financial position and activities for the fiscal year April 1, 2020 through March 31, 2021.

Post Employment Benefits Liability

Jefferson Solutions, Inc. prepared the analysis considering various factors including demographics, health cost, employee turnover, inflation and mortality. As of March 31, 2021 the Authority's post-employment benefit liability was \$50,417,376. This is an increase from the prior year of \$1,450,545. The Authority is aware of the potential future impact of not funding this liability and has included a reserve amount in its 2020/2021 adopted budget of \$500,000 in the effort to reduce the future risk. The OPEB valuation was last revised on September 18, 2020.

Pension Plan

For the year ended March 31, 2021 the Authority's share of the state pension plan deficit was \$22,765,514. This is a \$782,603 dollar decrease over the prior year. We hope this liability continues to decrease over time as it has the past two years. The current local share of the state plan estimates that the pension is 58.3% funded.

Capital Project and Debt

The Authority has over \$59 million of bonded debt and loans. Our five-year capital plan has identified over \$87 million of infrastructure improvements which will improve and maintain quality services to our service area. We understand that this amount is will not be completed in the five year period and are prioritizing the improvements according to their necessity. The Authority will be applying to the New Jersey Infrastructure Bank on a regular basis to fund improvements that are too large to fund internally. At the same time, we realize the importance of managing this debt in light of OPEB and pension debts mentioned above. The Authority has also committed to use a portion of unrestricted funds to help finance capital purchases as a way to reduce the use of debt, whenever and wherever possible.

Condensed Statements of Net Position – March 31st:

The Statements of Net Position presents the asset / liability financial position of an organization as of a particular date. The summary chart below contains the Authority's Statements of Net Asset values as of March 31, 2021 and 2020. Net position represents the difference between assets and liabilities.

	<u>2021</u>	<u>2020</u>
<u>Assets:</u>		
Unrestricted current assets	\$ 29,304,724	\$ 29,284,208
Restricted current assets	13,557,010	11,572,681
Restricted non-current assets	5,157,791	5,117,638
Property & equipment	106,415,421	102,727,318
Deferred outflows	24,121,246	28,199,422
Total assets	<u>\$ 178,556,192</u>	<u>\$ 176,901,267</u>
<u>Liabilities & Net Assets:</u>		
Unrestricted current liabilities	\$ 2,907,949	\$ 2,712,903
Restricted current liabilities	6,344,636	16,935,057
Net OPEB obligation	50,417,376	48,966,831
Net state pension obligation	20,704,611	22,765,514
Other long-term liabilities and inflows	69,815,033	55,665,796
Net position	28,366,587	29,855,166
Total liabilities & net position	<u>\$ 178,556,192</u>	<u>\$ 176,901,267</u>

The Authority's Statements of Net Position has decreased between fiscal years by \$1,488,579, primarily due to the change in the net OPEB obligation, as adjusted by deferred inflows and outflows, of \$3,651,448. The Authority's current asset ratio remains strong at 4.6 and has increased from the prior year ratio of 2.0 due to the long term financing of a \$10 million dollar short term note. The note was paid off on July 29, 2020 with proceeds from the NJ Infrastructure-Bank. Property and equipment increased during the year as capital expenditures were \$3.7 million higher than depreciation. This trend is expected to continue for at least one or one more year. The debt ratios for 2021 and 2020 were 84% and 83%, respectively. The higher the debt ratio, the higher the organization's financial risk.

Net capital additions and net accumulated depreciation have resulted in an increase in property and equipment capital assets of \$3,688,103, as shown. The state pension obligation has decreased by \$2.1 million. Principal retirements for bond debt was \$3.8 million for fiscal 2021 while additional debt acquired was \$8.0 million.

Statements of Revenues, Expenses, and Changes in Net Position

The Statements of Revenues, Expenses, and Changes in Net Position measure the financial performance of an organization for a period of time, and the impact upon net position. The chart below summarizes operational activity for the period April 1st to March 31st each fiscal year.

	<u>2021</u>	<u>2020</u>
Operating revenues	37,433,197	36,538,055
Operating expenses:		
Administrative expenses	11,121,186	11,080,985
Cost of providing services	18,025,508	17,852,566
Depreciation	5,508,600	5,450,692
Total operating expenses	<u>34,655,294</u>	<u>34,384,243</u>
Operating income over expenses	<u>2,777,903</u>	<u>2,153,812</u>
Total non-operating revenues/(expenses)	<u>(4,738,086)</u>	<u>(4,226,386)</u>
Net income/(loss)	(1,960,183)	(2,072,574)
Contributed capital	471,604	265,502
Net position, beginning of year	<u>29,855,166</u>	<u>31,662,238</u>
Net position, end of year	<u><u>28,366,587</u></u>	<u><u>29,855,166</u></u>

Selected Expenses as a Percent of Operating Revenues – March 31st:

	<u>2021</u>	<u>2020</u>
Administrative Expenses	29.7%	30.3%
Cost of Providing Services	48.2%	48.9%
Depreciation	14.7%	14.9%
Total Operating Expenses	<u>92.6%</u>	<u>94.1%</u>

Operating revenues for fiscal 2021 of \$37.4 million increased 2.4% as compared to \$36.5 million for the prior fiscal year, and was 1.6 million above the budgeted amount. The increase in Revenues is primarily the result of conservative budgeting. Annual service charges increased \$768,948 which accounts for the bulk of the increase. The Authority has benefited from good cash management, however low interest rates during the year reduced interest income in half by \$500,000.

Administrative expenses of \$11.1 million were comparable to the prior fiscal year.

Cost of providing services (COPS) of \$18.0 million were also comparable to the prior year.

Non-operating revenues and expenses for fiscal 2021 were comprised of \$1. million in interest expense, which was partially offset by \$461,000 in interest income. The net loss for fiscal 2021 was \$1,960,183. The Authority has consistently had net losses since 2016 with the inclusion of the derived pension and OPEB expenses in the income statement. For 2021 the Authority's share of underfunded pension obligations and OPEB obligation expenses totaled approximately \$3,400,000. The majority of this expense is from the OPEB calculation whereby the Authority is on a pay as you go basis for retiree health benefits.

Statements of Cash Flows

The Authority's Statements of Cash Flows shows net cash provided by operating activities of \$5,659,672. Cash used by financing was \$4,567,751 which includes \$3.8 million in bond principal retirements, \$8.9 million in capital acquisitions and \$8.0 million in new construction loans after adjusting for a retirement of a permanently financed \$10 million short term note. Cash decreased \$5,338,203 for the fiscal year however Investments increased \$6,430,124.

Rate Determination and History

Rates are projected on a five-year outlook basis to balance the budget. Estimates of injection from the Rate Maintenance Fund are included as needed to streamline rate change and avoid any potential rate spikes. The Authority's history of overall rate increases are as follows:

September 1, 1999:	(6.0%) *Decrease resulted from conversion to consumption-based rates.
May 1, 2001:	3.5%
April 1, 2002:	8.7%
April 1, 2003:	8.8%
April 1, 2004:	8.0%
April 1, 2005:	8.5%
April 1, 2006:	5.5%
April 1, 2007:	0.0%
April 1, 2008:	5.5%
April 1, 2009:	2.8%
April 1, 2010:	4.3%
April 1, 2011:	3.9%
April 1, 2012:	3.9%
April 1, 2013:	0.0% - Amended Budget
April 1, 2014:	0.0%
April 1, 2015:	0.0%
April 1, 2016:	0.0%
May 1, 2018:	7.5%

Rate increases from 2002 through 2005 primarily resulted from increased debt service being built into base rates. This additional debt service was primarily associated with the construction of a one-billion-gallon reservoir, and the associated costs for the water treatment plant modifications and transmission main. The 2006 rate increase was attributed to NJEIT pump station and sewer rehabilitation debt service. For the first time in seven years, the Authority had no rate increase in fiscal 2007/2008. Due to Hurricane Sandy and associated economic conditions within the service territory, the Board of Commissioners decided not to increase rates in fiscal 2013/2014 as well. The rate increase effective May of 2018 was done in anticipation of several large capital projects to be financed by NJ I-Bank, and also considered the net losses incurred from OPEB and Pension liability increases. Five-year operational and rate planning is included as an integral portion of the Authority's budget book each fiscal year. Our current rate projections anticipate additional rate increases within the next two years.

Funding of Infrastructure and Debt Management

It has been the policy of the Brick Township Municipal Utilities Authority that funding for capital improvements, additions, or replacements be accomplished through one, or a combination, of the following methods:

- Borrowings from the New Jersey Environmental Infrastructure Trust
- Revenue bonds
- Internal Funding
- Other alternatives as needed to fund the Five-Year Capital Plan

Refunding of existing debt has been periodically reviewed and completed when feasible. Anticipated future debt for projects being implemented include meters, man hole and sewer main replacement projects as well as a new water filter.

Capital – Five-Year Planning

The capital improvements program includes a five-year projection that is revised each year. The capital projection process allows the Finance Division to appropriately analyze future impacts of capital expenditures on remaining bond funds, internal funding, potential borrowings, and rate adjustment.

The Authority reviews the five-year capital plan on an ongoing basis. It is anticipated that there will be capital related borrowing during fiscal 2021/2022. The Authority is currently reviewing both capital needs and financing alternatives.

Auditors

The Authority auditor for the fiscal year ending March 31, 2021 was Fallon & Company, LLP. Prior audits can be obtained from the office of the Brick Township Municipal Utilities Authority.

Chris A. Theodos, P.E., P.P., C.M.E., C.P.W.M., C.F.M.

NOTES TO FINANCIAL STATEMENTS

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements
For the years ended March 31, 2021 and 2020

NOTE 1 ORGANIZATION

The Brick Township Municipal Utilities Authority (“Authority”), a public politic and corporate body, was created by virtue of an ordinance of the Township of Brick, adopted April 3, 1969, pursuant to Chapter 183 of the Municipal Utilities Authorities Laws of the State of New Jersey of 1957 (Chapter 14B of Title 40 of the Revised Statutes of New Jersey).

The purposes for which the Authority was created include the acquisition and/or construction of plants and distribution systems to provide an adequate supply of water and the acquisition and/or construction of sewer facilities incident to the disposition and treatment of sewerage for the relief of waters from pollution.

As a public body, under existing statute, the Authority is exempt from federal, state and local taxes.

The Authority is a component unit of the Township of Brick. The Authority issues separate financial statements from the Township. However, if the Township presented its financial statements in accordance with GAAP, these financial statements would be included in the Township’s financial statements on a blended basis.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation and Accounting

The financial statements of the Authority have been prepared on the accrual basis and in accordance with accounting principles generally accepted in the United States of America applicable to enterprise funds of state and local governments.

Revenues are recognized when earned and measurable and expenses are recognized when incurred. Interest on delinquent accounts is realized when earned. Costumers are billed on a quarterly basis for both water and sewer.

B. Budgetary Accounting

Each year the Authority adopts a budget which is approved by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The budget may be amended by resolution of the Board of Commissioners of the Authority. The budgetary basis of accounting is utilized to determine that the Authority has sufficient cash to operate and pay debt service. As such, certain items such as the principal payments on debt are included in the budgetary expenses while depreciation is not included. A reconciliation from the budgetary basis to the statement of revenues, expenses and changes in net position is included in the Supplementary Information.

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Grants

Contributions from various sources of grants are recorded in the period received. Developer financed construction is recorded in the period the projects are completed and conveyed to the Authority. The valuations of these projects are based on estimates of the entire cost of construction, including rights-of way, inspection and as-built plans as calculated by developers' engineers. Donated assets are recorded at fair market value at the date of the gift. Grants that are not externally restricted and utilized to finance operations are identified as non-operating revenues. Grants externally restricted for non-operating purposes are recorded as contributed capital.

D. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Inventory

Inventory consists principally of pipes, appurtenances, meters and chemicals for water and sewer systems and various materials and supplies for the daily operation of the Authority and is stated at the average cost determined by the first-in, first-out method (FIFO).

F. Property Plant and Equipment

Property, plant and equipment are stated at cost. The cost of property, plant and equipment is depreciated over its estimated useful life, by the straight-line method. Major improvements to existing plant and equipment are capitalized. Repairs and maintenance that do not extend the economic life of plant and equipment are charged to expense as incurred. Upon the sale or retirement of property, plant and equipment, the cost and related accumulated depreciation is eliminated from the accounts and any related gain or loss is reflected in the Statement of Revenues, Expenses and Changes in Net Position.

System construction costs are charged to construction in progress until such time as given segments of the system are completed and placed in operation. The assets are then transferred to the appropriate property and plant account and depreciated on a straight-line basis over the asset's estimated useful life. The Authority capitalizes all long-lived assets acquired for \$5,000 or more. The Authority does not capitalize interest.

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Property, Plant and Equipment (continued)

The estimated useful lives of the assets are:

Water production and distribution system	40 years
Sewer collection system	40 years
Administration complex	40 years
Equipment	5-10 years
Vehicles	5 years

Depreciation expense for the years ended March 31, 2021 and 2020 was \$5,508,600 and \$5,450,692, respectively.

G. Cash and Investment Accounts

In accordance with the 1996 bond resolution, as amended and/or supplemented, the Authority has established the following cash and investment accounts for the deposit and/or transfer, in the priority of the order listed, of all monies received by the Authority.

<u>Account</u>	<u>Amount</u>	<u>Purpose</u>
<u>Unrestricted:</u> Revenue Fund	All revenues received by the Authority.	Authorized operating expenses and, at least once a month, transfers to the various accounts described below.
General Fund	Any excess over expenditures in the revenue fund or accounts shall be transferred to the general fund each month if all required deposits and trustee expenses have been duly executed.	Amounts on deposit in the general fund shall be applied by the Authority to any lawful purpose of the Authority related to the sewer or water systems.
<u>Restricted:</u> Bond Service Fund (Current debt service)	Amount needed to pay matured principal and interest due on or before the following December 1 st .	Principal and interest on bonds.
Bond Reserve Fund (Future debt service)	Amount equal to the Bond Reserve requirement.	Transfers to meet minimum levels required in the bond service or sinking accounts. Any excess may be transferred into the revenue account.

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Cash and Investment Accounts (continued)

<u>Account</u>	<u>Amount</u>	<u>Purpose</u>
<u>Restricted:</u>		
Renewal and Replacement Fund (Maintenance reserve)	An amount equal to the System Reserve requirement.	Transfers to meet the minimum levels required in the bond reserve account for major repairs, renewals and extensions of the system.
Construction Fund	Amount needed to fund construction projects.	Transfers to meet costs of construction projects.

Investments are shown on the balance sheet at fair value.

NOTE 3 CASH AND CASH EQUIVALENTS

	<u>2021</u>	<u>2020</u>
Deposits:		
Demand deposits	\$ 27,383,662	\$ 32,631,865
Total deposits	<u>\$ 27,383,662</u>	<u>\$ 32,631,865</u>
Reconciliation to Statement of Net Position:		
Unrestricted current assets:		
Cash and cash equivalents	\$ 17,242,240	\$ 22,323,301
Restricted current assets:		
Cash and cash equivalents	10,011,269	10,308,564
Restricted non-current assets:		
Cash and cash equivalents	40,153	-
Total cash and cash equivalents	<u>\$ 27,293,662</u>	<u>\$ 32,631,865</u>

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 3 CASH AND CASH EQUIVALENTS (continued)

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Authority’s deposits may not be returned. The Authority does not have a deposit policy for custodial credit risk. As of March 31, 2021, and 2020, the Authority’s bank balance of \$41,841,424 and \$40,746,404, respectively, was insured or collateralized as follows:

	<u>2021</u>	<u>2020</u>
Insured	\$ 1,250,000	\$ 1,005,561
Collateralized in the Authority's name		
Under GUDPA	<u>40,591,424</u>	<u>39,740,843</u>
Total	<u>\$ 41,841,424</u>	<u>\$ 40,746,404</u>

For the Statements of Cash Flows, the Authority combines the unrestricted cash with the restricted cash and cash equivalents. The Authority considers investments with maturities of three months or less at the time of purchase to be cash equivalents.

The Authority’s policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

NOTE 4 INVESTMENTS

A. Custodial Credit Risk

For an investment, custodial credit risk is a risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or the collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Authority, and are held by either the counterparty or the counterparty’s trust department or agent but not in the Authority’s name. All of the Authority’s investments are held in the name of the Authority and are collateralized by GUDPA (Governmental Unit Deposit Protection Act).

B. Investment Interest Rate Risk

Interest rate risk is the risk that changes in interest rates that will adversely affect the fair value of an investment. The Authority has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 4 INVESTMENTS (continued)

C. Investment Credit Risk

The Authority has no investment policy that limits its investment choices other than the limitation of state law as follows:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- Government money market mutual funds;
- Any obligation that a federal agency or federal instrumentality has issued in accordance with an act of Congress, which security has maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor;
- Bonds or other obligations of the Authority or bonds or other obligations of the local unit or units within which the Authority is located;
- Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, approved by the Division of Investment in the Department of Treasury for investment by the Authority;
- Local Government investment pools;
- Deposits with the State of New Jersey Cash Management Fund established pursuant to section I of P.L. 1977, c.281; or
- Agreements for the repurchase of fully collateralized securities.

As of March 31, 2021, and 2020, the Authority had the following investments and maturities:

<u>Investment</u>	<u>Maturities</u>	<u>Rating</u>	<u>2021</u> <u>Fair Value</u>	<u>2020</u> <u>Fair Value</u>
Certificates of deposit	Various	N/A	\$ 14,547,762	\$ 8,117,638

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 4 INVESTMENTS (continued)

D. Fair Value of Investments

Investments are shown at fair value on the balance sheet with accrued interest shown under a separate caption. Investments are summarized as follows at March 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Certificates of deposit	\$ 14,547,762	\$ 8,117,638
Total fair value of investments	<u>\$ 14,547,762</u>	<u>\$ 8,117,638</u>

NJIB Construction Loans

The Authority has received approvals for financing from the New Jersey Infrastructure Bank (NJIB) for twelve (12) Authority projects totaling \$50,308,284. The projects include replacement of water meters, water mains, and fire hydrants in several locations within the Authority's service area as well as wastewater pump, water tank, and filtration upgrades. Note agreements have been entered into for several of the projects. Under the terms of the note the NJIB reimburses the Authority for the costs associated with those projects and the amounts loaned are expected to roll into long term financing at the earlier of three (3) years or when the project is completed. As of March 31, 2021 and 2020, reimbursements received are as follows:

	<u>March 31, 2021</u>	<u>March 31, 2020</u>
Water main replacement		\$ 1,213,807
Hydrant replacement in Baywood section		849,777
Waste water pump station rehabilitation	\$ 3,294,849.00	
Granulated activated carbon filter	12,597,513	
Breton woods water main replacement	2,397,222	1,802,584
	<u>\$ 18,289,584</u>	<u>\$ 3,866,168</u>

NOTE 7 LONG-TERM DEBT (continued)

Pursuant to the terms of the notes; the following events shall constitute an “Event of Default”: (i) failure by the Borrower to pay, when due, any and all of its Loan repayment obligations, and any other payment obligations due; (ii) failure to be observed or performed pursuant to the terms of the Note; (iii) any representation made by reference to the Note is false or misleading in any material respect; and (iv) a petition is filed by or against the Borrower under any federal or state bankruptcy or insolvency law or other similar law in effect on the date of the Note or thereafter enacted, unless in the case of any such petition filed against the Borrower such petition shall be dismissed within thirty (30) days after such filing and such dismissal shall be final and not subject to appeal, or the Borrower shall become insolvent or bankrupt or shall make an assignment for the benefit of its creditors, or a custodian of the Borrower or any of its property shall be appointed by court order or take possession of the Borrower or its property or assets if such order remains in effect or such possession continues for more than thirty (30) days.

Changes in the outstanding debt for 2021 are as follows:

NOTE 8 COMPENSATED ABSENCES PAYABLE

The Authority has a policy and express provisions in its employment contracts that allow employees to accrue unused sick and vacation days. The Authority pays all vacation time accrued upon retirement, but employees can only carry over one year of vacation into the following year, at which time the unused balance is cancelled. The Authority pays a maximum of \$15,000 of sick time accrued at retirement. Annually the Authority buys back unused sick days in excess of the allowed carryover to limit the liability they may incur upon retirement of an employee. At March 31, 2021 and 2020, an amount of \$1,542,443 and \$1,380,707, respectively, has been provided to fully fund this potential liability.

NOTE 9 PENSIONS

A. Description of the System

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrprts.shtml.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/5th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

B. Membership

Membership in the PERS is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction. Since PERS covers public employees throughout the State separate records are not maintained for each reporting unit; accordingly, the actuarial data for the employees of the Authority who are members of PERS are not available.

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 9 PENSIONS (continued)

C. Contributions

The contribution policy for PERS is set by N.J.S.A. 15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2015, the State's pension contribution was less than the actuarial determined amount. The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments, cost of medical premiums after retirement for qualified retirees, and noncontributory death benefits.

The employee contribution rate was 7.35% effective July 1, 2017 and increased to 7.50% effective July 1, 2018. The Authority contribution to the plan for the past three years are as follows:

Year Ending	Employees	Authority Required Amount	Contribution Percentage
3/31/2021	\$ 729,795	\$ 1,388,929	100%
3/31/2020	767,845	1,228,968	100%
3/31/2019	682,361	1,189,607	100%

All contributions were equal to the required contributions for each of the three years, respectively.

NOTE 9 PENSIONS (continued)

D. Net Pension Liability and Pension Expense

At March 31, 2021 and 2020, the Authority's proportionate share of the PERS net pension liability is valued to be \$20,704,611 and \$22,765,514, respectively. The net pension liabilities were measured as of June 30, 2020 and 2019, respectively. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2019, to the measurement date of June 30, 2020. The Authority's proportion of the net pension liability was based on the Authority's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2020. The Authority's proportion measured as of June 30, 2020, was 0.1269646286%, which was an increase of 0.0006192876% from its proportion measured as of June 30, 2019 of 0.1263453410%.

	<u>Collective Balances at March 31,</u>		Increase/ <u>(Decrease)</u>
	<u>2021</u>	<u>2020</u>	
Actuarial Valuation Date	July 1, 2020	July 1, 2019	
Net Pension Liability	\$ 20,704,611	\$ 22,765,514	\$ (2,060,903)
Authority's Proportion of the Plan's Total Net Pension Liability	0.1269646286%	0.1263453410%	0.0006192876%

For the year ended March 31, 2021 and 2020 the Authority recognized pension expense of \$1,563,856 and \$1,423,416, respectively. The Authority reported deferred outflow of resources and deferred inflow of resources related to pension from the following sources:

NOTE 9 PENSIONS (continued)

E. Actuarial Assumptions

The collective total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions:

	<u>PERS</u>
Measurement date	6/30/2020
Actuarial valuation date	7/1/2019
Investment rate of return	7.00%
Salary increases	2.00% - 6.00%
	Based on Years of Service
Thereafter	3.00% - 7.00%
	Based on Years of Service
Inflation Rate	Price 2.75%
	Wage 3.25%

Preretirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 9 PENSIONS (continued)

E. Actuarial Assumptions (continued)

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

F. Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7% at June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Risk Mitigation Strategies	3.00%	3.40%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Investment Grade Credit	8.00%	2.67%
High Yield	2.00%	5.37%
Private Credit	8.00%	7.59%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
US Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 9 PENSIONS (continued)

G. Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be based at 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

H. Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the Authority as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Decrease <u>(6.00%)</u>	Discount <u>(7.00%)</u>	Increase <u>(8.00%)</u>
Authority’s proportionate share of the net pension liability	\$26,063,651	\$20,704,611	\$16,157,319

I. Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued PERS financial statements.

NOTE 10 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

General Information about the OPEB Plan

Plan Description. The Authority’s defined benefit OPEB plan, the Brick Township Municipal Utilities Retiree Health Benefit Program (“the Plan”), provides OPEB for all permanent full-time employees of the Authority. The Plan is a single employer defined benefit OPEB plan administered by the Authority. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. The Plan provides healthcare benefits for retirees and their spouses. The benefit terms provide for payment of health insurance premiums for employees based on the criteria prescribed in Chapter 78 of the New Jersey State retirement regulations. Using a determination date of June 28, 2011, all employees that met the age of 55 and 25 years of service before the determination date do not contribute towards the cost of coverage at retirement. For other employees the contribution is based on the expected retirement benefit which is derived from the employee’s final average salary performed by the State of New Jersey upon reaching retirement eligibility.

Employees covered by benefit terms. At April 1, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	33
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	120
	153

Total OPEB Liability

The Authority’s total OPEB liabilities of \$50,417,376 and \$48,966,831 as of March 31, 2021 and March 31, 2020, respectively, were measured on April 1, 2017 and were determined by actuarial valuation at that date.

Actuarial assumptions and other inputs. The total OPEB liabilities of the actuarial valuation at that date was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	10.00% for April 1, 2019 and 9.50% for April 1, 2020
Discount Rate	2.27%
Ultimate Inflation Rate	5.00%
Year Ultimate Inflation Rate is reached	2030
Actuarial Cost Method	Entry Age Normal (Percent of Salary)

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 10 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

As prescribed by GASB no. 75, the discount rate is based on the index rate for 20-year tax-exempt general obligation municipal bond index rate with an average rating of AA/Aa or higher as of the measurement date. To comply with this provision, the *Bond Buyer 20-Bond General Obligation Index* is used. The discount rate of 3.86% is the April 1, 2017 value of this index.

Changes in the Total OPEB Liability

	Fiscal Years Ending	
	March 31, 2021	March 31, 2020
OPEB liability, beginning of year	\$ 48,966,831	\$ 26,019,894
Change for the year		
Amortization adjustment	-	957,958
Service cost	1,394,608	1,363,653
Interest	1,099,700	1,067,934
Assumption changes	-	18,857,552
Differences between expected and actual experience	-	1,720,435
Benefit payments	(1,043,763)	(1,020,595)
Net changes	1,450,545	22,946,937
OPEB liability, end of year	\$ 50,417,376	\$ 48,966,831

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the Authority at March 31, 2019 and March 31, 2018, as well as what the Authority's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.27%) or 1-percentage-point higher (3.27%) than the current discount rate:

Total OPEB Liability	Discount Rate		
	1% Decrease (1.27%)	Baseline (2.27%)	1% Increase (3.27%)
March 31, 2021	\$ 61,365,942	\$ 50,417,376	\$ 41,914,904
March 31, 2020	59,694,299	48,966,831	40,654,180

Notes to Financial Statements (continued)
For the years ended March 31, 2021 and 2020

NOTE 10 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The March 31, 2021 valuation was prepared using an initial trend rate of (5.46%)/10.00%. If the trend rate were 1% higher than what was used in this valuation, the Total OPEB Liability would increase to \$63,581,174. If the trend rate were 1% lower than was used in this valuation, the Total OPEB Liability would decrease to \$40,590,084:

Total OPEB Liability	Healthcare Cost Trend Rates		
	1% Decrease	Baseline	1% Increase
March 31, 2021	\$ 40,590,084	\$ 50,417,376	\$ 63,581,174
March 31, 2020	39,743,988	48,966,831	61,258,496

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended March 31, 2021, the Authority recognized an OPEB expense of \$3,651,448 in addition to its normal health benefit costs. At March 31, 2021, the Authority reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Increase in March 31, 2021 OPEB liability due to actuarial experience	\$ 1,499,506	\$ (1,499,506)
Change in assumption	18,722,586	-
Total	\$ 20,222,092	\$ (1,499,506)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended March 31:	
2022	\$ 2,200,903
2023	2,200,903
2024	2,200,903
2025	2,200,903
2026	2,200,903
Thereafter	7,718,071
	\$ 18,722,586

NOTE 11 DEFERRED COMPENSATION PLAN

The Authority offers its employees a deferred compensation plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The plan, available to all eligible employees and administered by Hartford Life Insurance Company, permits them to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until terminations, retirement, death or unforeseeable emergency.

NOTE 12 COMMITMENTS

On February 27, 1973, the Authority entered into a contract with the Ocean County Utilities Authority providing for the treatment and disposal of sewerage and charges for such services. This agreement may be terminated only after the County Authority has been paid in full for all of its obligations and, subsequent thereto, has been given two years notice.

On June 23, 2014, the Authority passed a resolution to enter into a shared services agreement with the Township of Brick for a thirty-six percent beneficial ownership in a solar generated electrical system. The agreement calls for the Authority to pay the Township for fifteen years based upon a Purchased Power Agreement with the supplier. After fifteen years the Authority will have a thirty-six percent beneficial ownership in the revenues and operating costs of the system. Total expected payments under the shared services agreement approximate \$2,500,000 for the first fifteen years. The Authority is unable to quantify the value of the future expected benefits under this agreement and has elected to expense costs under this agreement as incurred, net of any revenues received, from the sale of generated electricity.

As of date of these financial statements, the Authority has committed to borrow from the NJ Environmental Infrastructure Bank (“I-Bank”) via construction loan financing for a variety of capital projects totaling \$49,954,398. It may take up to three years before the notes are permanently financed through the I-Bank.

NOTE 13 RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Authority maintains insurance coverage for property, liability, and surety bonds. A partial schedule of insurance coverage can be found in the Schedule of Insurance Coverage.

NOTE 14 SUBSEQUENT EVENTS

The Authority has evaluated subsequent events occurring after March 31, 2021 through the date of September 29, 2021, which is the date the financial statements were available to be issued.

PART II
SINGLE AUDIT SECTION

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR STATE
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY NEW
JERSEY OMB CIRCULAR 15-08**

To the Honorable Chairman and Commissioners
of the Brick Township Municipal Utilities Authority
Township of Brick
County of Ocean
Brick, New Jersey

Report on Compliance for Each Major State Program

We have audited the Brick Township Municipal Utilities Authority's (the "Authority") compliance with the types of compliance requirements described by reference in New Jersey OMB Circular 15-08 that could have a direct and material effect on each of the Authority's major state programs for the fiscal year ended March 31, 2021. The Authority's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Authority's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) as referenced by New Jersey OMB's Circular 15-08 *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards and the New Jersey OMB's Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Authority's compliance.

Opinion on Each Major State Program

In our opinion, the Township complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended March 31, 2021.

Report on Internal Control Over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over compliance.

A *deficiency in internal control* over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Notes to the Schedule of Expenditures of State Financial Assistance
For the Year Ended March 31, 2021

NOTE 1: ORGANIZATION AND BASIS OF PRESENTATION

A. Organization

The Brick Township Municipal Utilities Authority is the prime sponsor and recipient of various federal and state grant funds. The Authority has delegated the administration of grant programs and the reporting function to various departments within the Authority. Substantially all grant and program cash funds are commingled with the Authority's other funds, although each grant is accounted for separately within the Authority's financial records. The Authority's Department of Finance performs the accounting functions for all grants.

B. Basis of Presentation

The accompanying schedule of expenditures of state financial assistance includes the grant activity of the Brick Township Municipal Utilities Authority. The schedule is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of New Jersey OMB Circular 15-08. Because the schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position or changes in fund balances of the Authority.

Pass-through entity identifying numbers are presented where available. When state account numbers (State of New Jersey identifying number) are not included in the grant agreement, the State Schedule of Financial Assistance (GN06) is reviewed to obtain the State account numbers. If no funds were received in the fiscal year, the grant will not appear on the GN06. In these instances, other identifying numbers such as the grant agreement numbers are utilized if available.

NOTE 2: CONTINGENCIES

Each of the grantor agencies reserves the right to conduct additional audits of the Authority's grant programs for economy, efficiency and program results. However, Authority management does not believe such audits would result in material amounts of disallowed costs.

NOTE 3: LOAN BALANCES

The Authority loans outstanding at March 31, 2021 are as follows:

	<u>State</u>
New Jersey Infrastructure Bank	<u>\$ 21,983,166</u>

BRICK TOWNSHIP MUNICIPAL UTILITIES AUTHORITY
Schedule of Findings and Questioned Costs
For the Year Ended March 31, 2021

Section I - Summary of Auditors' Results

Financial Statements Section

Type of auditor's report issued: Unmodified

Internal control over financial reporting:
