BUDGET MESSAGE 2010

Brick Township Municipal Utilities Authority

AUTHORITY BUDGET - SEWER

FISCAL YEAR: FROM APRIL 1, 2010 TO MARCH 31, 2011

1. Complete a brief statement on the 2010 proposed Annual Budget and make comparison to the current year's adopted budget. Explain significant increases or decreases, if any.

The 2010/2011 proposed annual budget includes an approximate 3.8% increase in sewer rates. This rate increase is primarily due to increased operating costs, and decreasing average use and investment income.

2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges and on the general purpose/component unit financial statements. Explain significant increases or decreases, if any.

Anticipated revenues for the 2010/2011 proposed budget will increase as compared to the current year's adopted budget, primarily related to the approximate 3.8% sewer rate increase noted above. The \$626,000 additional sewer revenues generated from the rate increase will allow coverage for increasing operating expenses.

3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program.

New customer growth is expected to be minimal. Despite the weaker economy, we anticipate minimal changes in average usage levels and base sewer revenues.

4. Describe the reasons for utilizing Unrestricted Net Assets in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc.

Unrestricted Net Assets will be used for rate stabilization and to balance the proposed 2010/2011 budget. Regarding the OPEB liability, the Authority is utilizing a "pay as you go" approach for retirement benefit costs.

5. If the proposed Annual Budget contains an Accumulated Deficit either existing or anticipated, pursuant to N.J.S.A 40A:5A-12, then an explanation as to reasons for occurrence must be disclosed.

Does not include any accumulated deficit.

2010 Capital Budget/Program Message - Sewer

Brick Township Municipal Utilities Authority

FISCAL YEAR: FROM APRIL 1, 2010 TO MARCH 31, 2011

1. Has each municipality or county affected by the actions of the authority participated in the development of the capital plan and reviewed or approved the plans or projects included within the Capital Budget/Program?

No.

2. Has each capital project/project financing been developed from a specific capital improvements plan or report; does it include full lifecycle costs, and is it consistent with appropriate elements of Master Plans or other plans in the jurisdictions served by the authority?

Yes.

3. Has a long-term (10-20 years) infrastructure needs assessment or other capital plan with a horizon beyond six years been prepared?

Yes, relating to sewer rehabilitation and pump station upgrades.

4. Describe the projected impacts of the proposed capital projects, including impact on the schedule of rates, fees, and service charges and the impact on current and future year's schedules.

The 2010/2011 capital budget will be financed primarily through Series 2002 bond funding, NJEIT funding, as well as internal funds. Debt Service costs will remain flat between fiscal years. Therefore, the 2010/2011 sewer capital budget will not impact rates.

5. Please indicate which capital projects/project financings are being undertaken in the Metropolitan or Suburban Planning Areas as defined in the State Development and Redevelopment Plan.

None.

6. Please indicate which capital projects/project financings are being undertaken within the boundary of a State Planning Commission-designated Center and/or Endorsed Plan and if the project was included in the Plan Implementation Agenda for that Center/Endorsed Plan?

None.

Add additional sheets if necessary.
