**WHEREAS**, the Authority believes it necessary to review the Schedule of Rates, Fees & Service Charges and as appropriate modify it in order to best provide efficiency of service and management skills for its customers as follows:

Replace Section 2.3 Sewer Credit as follows:

2.3 A sewer credit can be requested for excess water usage due to a leak that did not introduce flow into the sanitary sewer system. The credit amount will be based on the volume of water generated from the leak compared to the normal average consumption (determined by averaging the prior two years' consumption for the same period). The owner must provide proof of repair, and field verification must be performed by the BTMUA Meter Division. Repeated sewer credits will be addressed by the Executive Director on a case by case basis and may prompt refusal of credit consideration.

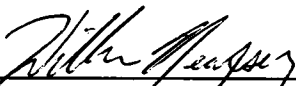

**WHEREAS**, the Authority, through its Commissioners, has carefully reviewed the proposed modifications to the Schedule of Rates, Fees and Service Charges and recommends modifications to Section 2.3. A true copy of the modified Schedule of Rates, Fees & Service Charges is on file at the office of the Authority and can be reviewed by the public during normal business hours; and
